

Lepōs is an ancient word meaning pleasantness. A word that perfectly conveys the feeling of wellbeing, calm and peace we derive from a space that makes us feel good. The pursuit of pleasantness describes Lepōs' mission – at home, in the office, in the hotel, outdoors, and in all of the spaces where we spend our time.

#### Inspirations

Lepōs makes functional and welcoming furniture with a simple and clean design. The collections are conceived to furnish homes and hotels, bars and restaurants, offices and outdoor spaces. At home, our products furnish living areas and bedrooms with a modern and recognizable style. Combining aesthetics and comfort, chairs, tables, storage systems, sofas and beds are designed with an eye to functionality and real use. Chairs and tables stand out for their curved, enticing lines; wardrobes come in many variations to suit different uses; modular sofas can be combined and personalized based on available space; beds are provided with a pocket for storing magazines or a soft headboard for lovers of reading at bedtime. The inspiration behind the

home collection also informs the furniture we design for bars, restaurants, waiting rooms and offices, which are increasingly becoming our second homes. The shape of chairs, tables and sofas carefully considers practicality as well as comfort. Special attention is paid to the curve in the back and seats of chairs, the padding of modular sofas, and the shape of tables, in order to make sitting down to eat, have a conversation or work, a pleasant experience. Whether for work or leisure, when the weather is good, it's pleasant to do things outside. Here, technical requirements of durability and resistance are usually prioritized over aesthetics. Not so with Lepōs. Its signature Nordic, domestic style with a focus on comfort and liveability also shines through its outdoors collection.

## Dasia

An outdoors collection inspired by classic wooden garden furniture. The seat of the chairs, loungers and stools of the Dasia line – with or without armrests – is fashioned from curved strips of powder coated aluminium and supported by a four-leg or sledge frame. Resistant and light, they are easy to move around; the chair and lounger can be stacked easily.

**Dining chairs, lounge chairs and stools** for your cafeteria, bar, restaurant, lounge area, hotel, resort, home and residence.

## Nemi

These functional and resistant tables and coffee tables, also in powder coated aluminium, can be combined with the outdoor chairs. The slat pattern recalls the strips that make up the chairs. The edged table top – round, square or rectangular – is slightly larger than the base, which comes in two versions: with four extruded legs or one central leg.

Dining, coffee and bar tables for your cafeteria, bar, restaurant, lounge area, hotel, resort, home and residence.

## Dabo

Dabo, sounds like double, and in Latin it means "I will give", i will give you double happy, double leisure time with nature. In this series, all tables and chairs are still made of aluminium as main material and finished with colorful powder coating, which made this series of products not only light and satble, but also fashion and bright.

The table top are combined by double same half parts, this special design divideds the tabletop into two halves to avoid the monotony of the whole plain top. Meanwhile, this design is also an echo of the name.

**Dining, coffee and bar tables** for your cafeteria, bar, restaurant, lounge area, hotel, resort, home and residence.

## RainBow

There is always sunshine after rain, and the rainbow is a bridge to undertake.

The rainbow represents the arrival of sunny days and makes people look forward in rainy days. Our Rainbow series uses curved back lines and gorgeous outdoor special powder, forming a rainbow-like both in shape and color. It not only links our indoor and outdoor space life; It also adds a bright color to the outdoor space; At the same time, we also hope that our Rainbow can accompany customers, look forward to the sunshine in the adversity of life, and enjoy the sunshine in prosperity.

## Sunspire

### Where the Sun Inspires Timeless Design

At Sunspire, our name is our promise—a fusion of the sun's radiant energy and the soaring aspiration to elevate outdoor living. Born from the belief that nature and craftsmanship should coexist in harmony, we create outdoor furniture that transcends function to become an enduring part of your story.

Each Sunspire piece—be it a sleek sofa, a refined dining table, or a chair that marries metallic precision with artisanal texture—is designed to defy the elements while embracing the elegance of the outdoors.

Aluminum forms the backbone of our collections, offering lightweight resilience against rain, rust, and time. Yet, it's the subtle interplay with rattan that defines Sunspire. Like sunlight filtering through leaves, the woven details soften modern lines, creating spaces that feel both invigorating and intimate.

Sunspire transforms patios and gardens into realms where design meets soul, where every gathering becomes a memory.

Outdoor sofa set, dining table set, bar chairs and outdoor lamps for your home, garden, courtyard, patio, restaurant, lounge area, hotel, resort...
